To Whom It May Concern

This is to thank and recognise Dr. Detlev Remy for an excellent session on Data Analytics held at Park Hotel Alexandra, Singapore in January 2018. During the session Dr Detlev presented insights into big data analytics which were extremely useful for the commercial leaders who were present in the room. The insights were appreciated by members of the audience and the session feedback was excellent.

I would recommend Dr Remy to my colleagues in the industry for his insights into analytics and hospitality.
